Shorthorn Bulls.

Attention of Montana stockmen is called to the public sale of 75 head of registered shorthorn bulls, at Miles City, Mont., Wednesday, June 23rd, 1904; these bulls are large, beefy, blocky bulls ready for heavy service. They are the property of T. Weldon Ragdale, of Shelbyville, Missouri, and are sold on a good old-time "badger" fight for Mr. Fenton, with Mr. Fenton himself holding the string, and it seemed as if everything came the right way for those conscienceless conspirators. It happened in Artie Wright's new life-saving station, and strange to say, of all the gang of up-to-date fellows that were there from Helena it looked like half of them would have paid for the privilege of pulling that string, just to show that they were sporty and knew all about badger fights.

Everything worked nicely for the

bulls, by charm or in person.

Parties who want plastering done should call on Andrew Green.

Spring Creek Coal Company's telephone is No. 175.

Johnnie Ranch went from Fort Benton to Helena and came over to Lewistown with the excursionists Saturday. He remained over for a few days.

Sheriff Benner, of Great Falls, arrived in the city yesterday morning on some official business. He will remain here until Friday and unless a certain matter is fixed up there is a bare possibility of a rather well known resident of this place accompanying the officer back to the smelter burg.

The case against Mathias William Nash has been continued by Judge Cheadle for this jury term of court. Nash was arrested last winter in Sheridan, Wyo., on the charge of seduction. He recently married the complaining witness and it is likely that the case against him will be dismissed providing he pays the costs which the state has been put to on his account.

M. M. McDonald, foreman for the P. N. outfit of Judith, and Miss Pauline Brown, will be married in the parlor of the Supreme lodging house this evening at 8 o'clock. The Rev. Albert Plaus will officiate. The groom is a steady, industrious young man, while the bride is possessed of all the graces of charming young womanhood. They will leave in the morning for their future home at Judith.

Carl Dwight, who has been Colonel G. R. Norris' right hand man at Judith for the last seven months, is in the city for the first time since he went to the lower country. Carl says that it is one of the best countries on the face of the globe and that he is well satisfied with his place, despite the fact that some of the excitement of a city existence is lacking. Carl doesn't weigh but 212 lbs, but says that he is feeling better than he looks. He will return to Judith tomorrow.

The new wool warehouse down on the depot grounds is now in the last stages of completion, over half of it having been already made ready for the storing of wool. It is going to be a thoroughly modern building in every particular and every precaution has been seen to it says that there will not be a better one in the state when it is finally completed. One cannot appreciate its immensity without looking it over. A 400 foot building is not seen every day and a close view of the new structure gives one the impression that it will hold all of the wool raised in Fergus county. The scales have been put in place and, so far as the people of Lewistown are concerned, they are ready for the wool season to open.

The concert given in Culver's hall last evening by Mrs. Anna Colburn Plummer, a celebrated vocalist from Salt Lake City, was one of the rarest musical treats ever given to the people of Lewistown. An unfortunate lack of space this evening prevented an adequate description of the many excellencies of the delightful occasion. The concert had been extensively advertised by the ladies of the Methodist Episcopal church, through whose efforts Mrs. Plummer was induced to visit this city, and no one in the thoroughly respectable audience regretted having gone. Mrs. Plummer has an exceptionally strong and full voice. She is also graced with a most charming stage presence and had the hearts as well as the ears of her audience from the moment she stepped before the footlights. Two beautiful selections from an orchestra composed of Messrs. Hutchison, Peterson, Du Clos and Race and Mrs. Du Clos, added to the enjoyment of the evening. Mrs. Du Clos was the efficient accompanist for Mrs. Plummer.
